The Entry-Level Computer Machine

The B 215 is a user-friendly sewing machine featuring robust technology and boasting exclusive BERNINA features in addition to a young design. A personal memory as well as a built-in needle threader and helpful display messages make the B 215 a machine suitable for all applications, and hence the ideal machine for sewing newbies.

LCD Display:

Provides a constant overview of the most important information such as presser foot, stitch width and stitch length.

Memorable:

All selected stitches that have been individually altered can be saved in the personal memory

Basics:

With the 11 most important stitch types and a manual multi-step button-hole, it meets all your basic requirements.

Bull's eye:

The B 215 has a reliable built-in threader which makes threading the needle child's play.

BERNINA Skins: Customize your sewing machine according to your taste. Simply upload a favorite picture or choose your desired design. www.bernina.com/skins

The Classic Mechanical Machine

The legendary B 1008 model has been a bestseller for decades. The last purely mechanical sewing machine in the BERNINA range is extremely easy to use and features infinitely adjustable stitch length and width, a slim free-arm, and drop feed-dog. This makes the B 1008 your trusted assistant for sewing garments, gifts, accessories, and quilts.

Information at a glance:

Once you've selected your stitch, the Stitch Selection Chart lets you know the appropriate presser foot and needle position, as well as the best stitch length and width.

Special features:

The width and length of all stitch patterns can be infinitely adjusted as required.

Versatile:

An especially slim free-arm enables flawless sewing of children's clothing and tubular items such as sleeves, cuffs, collars and trouser hems.
