THREE SPARKLING SAPPHIRES!

Innovations like the exclusive SEWING ADVISOR® feature and the EXCLUSIVE SENSOR SYSTEM™ technology are top-of-the-line HUSQVARNA VIKING® features. The three sparkling SAPPHIRE™ sewing machines bring you ease and convenience with these time-saving features. *Enjoy your SAPPHIRE™ sewing machine!*

~ CAPABILITY ~

EXTENDED SEWING SURFACE

– Sew large quilts, home dec projects, and garments easily.

The generous machine design offers plenty of sewing and fabric space. The open area from the side of the machine to the needle measures 250 mm (approximately 10").

LARGE GRAPHICDISPLAY

– See the stitch, in its actual size, and any adjustments before you sew.

Simply touch the selection buttons on the easy Touch Panel or step through stitches with the Navigator Arrows. Everything you need to know is on the illuminated large GraphicDisplay.

DUAL LIGHTS

– Easy to see any color fabric or thread at any time of day.

The Dual Lights on your HUSQVARNA VIKING® SAPPHIRE™ machine illuminate the needle and extended sewing surface to make sewing easy. The lights eliminate eye strain, especially when sewing fine details.

For a perfect quilt result, use the optional accessories from **HUSQVARNA VIKING® Quilter's Presser Feet kit** and the **HUSQVARNA VIKING® Quilter's Table**.

EXCLUSIVE SENSOR SYSTEM™

– *Adjusts to your fabric thickness for a perfect, even feed.*

The EXCLUSIVE SENSOR SYSTEM™ technology automatically raises and lowers the presser foot to four positions. The Sensor Foot Extra Lift gives you maximum space under the foot. When the machine stops with the needle down, the Sensor Foot Pivot raises the foot to the perfect float position for instant pivoting. Plus, the Sensor Foot Pressure automatically senses any fabric thickness and adjusts for a perfect even feed.

EXCLUSIVE SEWING ADVISOR®

– *Easy and effortless. No guesswork!*

The exclusive SEWING ADVISOR® feature sets the best stitch, stitch width, stitch length, and sewing speed. Simply enter the type of fabric you are sewing and the technique you want to use. Immediately, the best stitch and settings are displayed on the large GraphicDisplay with the recommended presser foot, thread tension, needle size and type.

EXCLUSIVE SELECTIVE THREAD CUTTER – *No need for scissors!*

One touch on your SAPPHIRE™ 875 Quilt machine and the Selective Thread Cutter cuts the top and bobbin thread and pulls the top thread to the underside of the fabric. You can also program the thread cut to automatically trim a programmed sequence.

DECORATIVE TAPERING

– *Turn decorative stitches into extraordinary embellishments.*

The tapering feature on the SAPPHIRE™ 875 Quilt machine automatically reduces the stitch width, stitch by stitch, to create precise corners.

You can taper 27 decorative stitches to sew unique embellishments.

MORE THAN 100 STITCHES

– *High quality stitches for every technique.*

Choose from more than 100 stitches – including utility, quilt, satin, heirloom and decorative stitches. Choose the stitch or stitch number on the easy touch panel and you are ready to sew! Your stitch appears in actual size at recommended settings on the GraphicDisplay.

The SAPPHIRE™ 875 Quilt machine offers special stitches and features for quilters including stitch positioning for decorative stitches and preprogrammed quilting stitches.

All stitches are shown inside the lid. Stitches marked with blue can be tapered.

SAPPHIRE™ 875 Quilt machine has 175 stitches, including 5 alphabet fonts.

SAPPHIRE™ 835 machine has 105 stitches, including 3 alphabet fonts.

A woman with blonde hair is smiling and adjusting a white blouse on a young girl with blonde hair. They are in a sewing room with a sewing machine visible in the background. The woman is wearing a white blouse with ruffles, and the girl is wearing a white blouse with blue trim and a blue bow on the sleeve. The text "The joy of giving!" is written in a cursive font in the upper right corner.
