## MEMORY CRAFT 100E

Embroidery  
Only

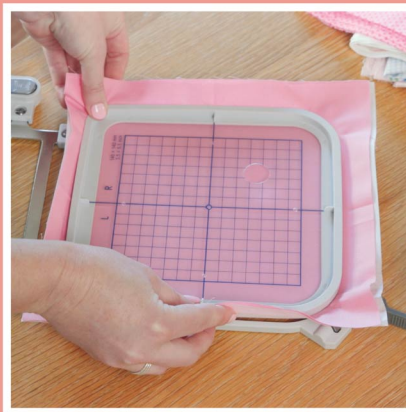

### Your Compact Embroidery Buddy

#### 274 EMBROIDERY DESIGNS

Grouped into 18 categories, including Redwork, white embroidery, baby & children, in-the-hoop projects, appliqué, name tags, lace, and so much more!

#### SIMPLE HOOPING

Large 140mm x 140mm embroidery area. Easy hoop tightening system featuring three lever positions—open, mid, and closed. Fine-tune tightness with the hoop tightening screw for added precision.

#### COMPACT DESIGN

Janome's innovative swing-out embroidery arm offers a compact footprint. The free arm makes it easy to embroider on small items such as sleeves, socks, pockets, and more.

**AVAILABLE FROM YOUR EXPERT JANOME RETAILER**

## SUPERIOR NEEDLE THREADER 2

Threading is simple and efficient! Just follow the easy-to-use threading guide, lower the lever on the left side of the machine, release it gently—and you're ready to sew! This smart feature threads the needle with precision every time, so you can start stitching sooner.

## SUPPORT AT YOUR FINGERTIPS

Scan the QR code with your smart device to instantly access a Janome Help page, where you'll find instructional videos, an embroidery stitch chart, and an icon reference chart for easy machine navigation. A hard copy instruction book is supplied with the machine.

## BOBBIN THREAD MONITORING

With the Optical Bobbin Sensor's constant monitoring, the Memory Craft 100E will automatically stop when the bobbin thread is running low. A message will then appear on screen to let you know bobbin winding is required.
